Pharmacy Residency Sites

Advocate Health Illinois and Wisconsin Divisions

Wisconsin

Aurora Health Care Metro, Inc.:

Aurora St. Luke's Medical Center: Wisconsin's largest private hospital, Aurora St. Luke's Medical Center in Milwaukee is a premier destination for world-class patient care, treating patients from all 50 states and worldwide. It offers a wide range of specialty care, including critical care, abdominal/cardiothoracic transplant, and neurosciences, and is internationally known for expertise in heart care and oncology.

Aurora Sinai Medical Center: An urban teaching hospital and home to downtown Milwaukee's only Level III neonatal intensive care unit, Aurora Sinai also offers comprehensive services including intensive care and internal medicine.

Aurora St. Luke's and Aurora Sinai Medical Centers Outpatient Pharmacies serve the community, team members, clinic patients, and patients being discharged. Immunization services and comprehensive medication reviews are offered, and a solid organ transplant education program is offered at Aurora St. Luke's. One unified health record with Aurora Pharmacies using the same electronic health record and prescription processing software is utilized.

Aurora BayCare Medical Center: is a full-service hospital providing care to the Green Bay area and communities throughout northeastern Wisconsin. Among Aurora BayCare's specialty services are critical care, cardiology, cardiovascular surgery, neurology, women's health, and neonatal intensive care.

Aurora West Allis Medical Center: is a community hospital in West Allis providing a full range of services to patients in the Milwaukee area and surrounding communities. In addition to geriatrics, critical care and other specialty services, Aurora West Allis is home to the Aurora Women's Pavilion, which provides comprehensive women's health services and includes a Level III neonatal intensive care unit.

Aurora Medical Center-Grafton: is a community hospital located approximately 20 miles north of Milwaukee. Aurora Grafton provides a wide range of care to patients in the surrounding communities, including internal medicine, general and orthopedic surgery, and comprehensive heart care.

Illinois

Advocate Lutheran General Hospital is the leading health care provider in Chicago's North and Northwest suburbs. As a nationally recognized academic and research hospital and a Level I Trauma Center, specialties include cardiology, oncology, neurosciences, orthopedics, and women's health. Located on the campus is Advocate Children's Hospital, one of the country's largest children's hospitals.

Advocate Illinois Masonic Medical Center is a busy urban community hospital located on Chicago's North Side with a Level I trauma center, Level III neonatal intensive care unit, and comprehensive stroke center. It is one of the state's largest non-university medical teaching programs and provides services to a culturally diverse patient population. Comprehensive inpatient services are provided to medical, surgical, telemetry, obstetric, and critically ill patients. Additionally, outpatient services include oncology and anticoagulation management.

Advocate Christ Medical Center and Advocate Children's Hospital: One of the largest hospitals in the Chicago area, Advocate Christ Medical Center and Advocate Children's Hospital is a community teaching, research, and tertiary care hospital. It is a Level I trauma center and Level III perinatal center with specialties including cancer care, cardiovascular services, heart and kidney transplantation, neurosciences, orthopedics, and women's health.

Advocate Condell Medical Center is a community hospital providing care to patients in the north suburbs of Chicago, with comprehensive medical and surgical services. In addition to internal medicine, critical care, and other specialty services, Advocate Condell Medical Center is the only Level I Trauma Center in Lake County, Illinois.

Advocate Good Samaritan Hospital is a community hospital located in the western suburbs of Chicago. Comprehensive inpatient care, including internal medicine, critical care, surgical services, and other specialties are provided. Additionally, Advocate Good Samaritan Hospital is a Primary Stroke Center and the only Level I Trauma Center in DuPage County, Illinois.

Advocate Sherman Hospital is a community hospital located Elgin, Illinois, and provides care to patients in the northwest suburbs of Chicago. Critical care, cardiology, and oncology are some of the services provided in this Level II Trauma and Primary Stroke Center. Located on the campus is an outpatient pharmacist-led anticoagulation clinic.

Advocate Good Shepherd Hospital is a community hospital located in Barrington, Illinois. It is a leader in delivering comprehensive health care services, including internal medicine, critical care, surgical services, and other specialties to patients in the northwest suburbs of Illinois. Additionally, it is a Level II Trauma and Primary Stroke Center, and Emergency Department Approved for Pediatrics (EDAP).

Advocate Health Population Health Pharmacy – Midwest Region encompasses 3 distinct pharmacy teams: the virtual team, the managed care team, and the Pharmacy Benefit Management (PBM) team. Together these teams perform many functions to optimize health outcomes, including medication therapy management (MTM) and chronic disease state management, development of utilization management policies and protocols for medical benefit plans, and prior authorization reviews for select medications through pharmacy and medical benefit plans. Enterprise Population Health Pharmacy has a remote-first work format and teammates in 3 states.
