This is a program that will define your future.

University of CINCINNATI

Walgreens and University of Cincinnati James L. Winkle College of Pharmacy PGY1 Community-Based Pharmacy Residency Program, Cincinnati, OH

This residency is based at a community-based specialty pharmacy where pharmacists at this site collaborate with providers, patients, and the community to ensure safe and effective drug therapy. The program is affiliated with the James L. Winkle College of Pharmacy at the University of Cincinnati to provide residents with research, teaching, and ambulatory care experiences. Program graduates are prepared to pursue careers in community management, clinical practice, and specialty pharmacy.

Patient Care

- Conduct disease state management in HIV/AIDS, hepatitis, chronic inflammatory disease, transplant, oncology, and infertility
- Perform medication therapy management service across practice sites
- Coordinate community outreach programs
- Recommend and administer vaccines
- Perform patient centered dispensing activities each week

Practice Advancement

- Develop a collaborative practice agreement
- Create a business plan for a clinical service
- Implement a quality improvement project
- Design and conduct a practice-based research project
- Develop and present a poster or platform presentation at a professional meeting

Leadership

- Develop pharmacy management skills
- Conduct pharmacy visits with pharmacy leadership
- Gain exposure to leadership-level strategic, financial, and policy decision-making
- Attend regional pharmacy meetings
- Engage in professional organizations or community outreach

Teaching and Education

- Complete a Teaching Certificate Program
- Precept pharmacy students on IPPE and APPE rotations
