

ST. ELIZABETH PHARMACY RESIDENCY PROGRAMS

St. Elizabeth HEALTHCARE

ST. ELIZABETH HEALTHCARE OVERVIEW

St. Elizabeth Healthcare is a network of six hospitals currently operating throughout Northern Kentucky and Southeastern Indiana. St. Elizabeth Physicians operates 169 specialty and primary care offices located throughout Kentucky, Ohio and Indiana. Led by an elite medical staff of 1,200 physicians, advanced practice providers, clinical pharmacists, and a Magnet-recognized nursing team, our roots extend far into the community we serve. Our patients are our family members, friends and neighbors. We come together with our unique backgrounds and expertise to serve our patients, lead our community, and honor our Mission, Vision and Values.

MISSION

As a Catholic healthcare ministry, we provide comprehensive and compassionate care that improves the health of the people we serve.

VISION

St. Elizabeth will lead the communities we serve to become the healthiest in America.

VALUES

- **I** INNOVATION
- **C** COLLABORATION
- **A** ACCOUNTABILITY
- **R** RESPECT
- **E** EXCELLENCE

PHARMACY DEPARTMENT COMMITMENT

Pharmacy will be innovative, proactive and accountable for quality patient outcomes by optimizing medication use across the continuum of care.

OUR DIVERSITY COMMITMENT

At St. Elizabeth, diversity, equity and inclusion are the driving spirits in everything we do for our patients, community and each other. Connecting the compassionate care we deliver and healthy community we envision with an assurance of dignity and respect for all.

APPLICATION REQUIREMENTS

The St. Elizabeth Healthcare Pharmacy Residency Programs utilize PhORCAS (Pharmacy Online Residency Centralized Application) for all application submissions.

WELLNESS & RESILIENCE

The goal of our Wellness and Resilience Program is to build character and resilience, while preventing burnout. Residency will be stressful. St. Elizabeth Healthcare believes in supporting pharmacy residents in their wellness and development of resilience through the following programs and initiatives:

Orientation to Wellness and Resilience

Resident Retreats

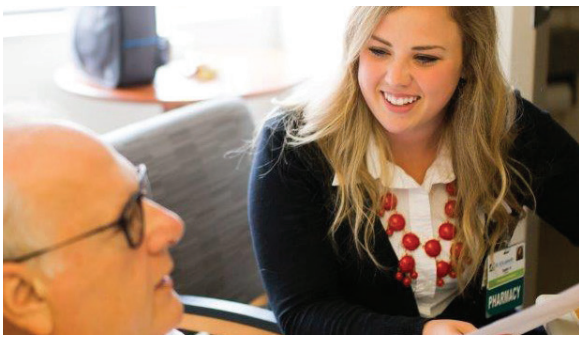

Yearlong Mentorship Program

Wellness Workshops

Monthly Residency Program Director One-on-One's

Employee Assistance Program

PGY1 PHARMACY RESIDENCY

The PGY1 Pharmacy Residency at St. Elizabeth Healthcare is an American Society of Health-System Pharmacists (ASHP) accredited 12-month structured training program designed to develop skills and competence in providing pharmaceutical care.

WHAT MAKES OUR PROGRAM UNIQUE

- Team-based precepting
- Opportunity to train across both academic and community hospital settings.
- Flexibility to choose and change elective rotations.
- Early commitment available for PGY2 Residency Programs.
- Opportunity to serve on a multidisciplinary committee.
- Optional teaching certificate program with two unique tracks - Preceptor and Academia.

Required Rotations

Orientation
Ambulatory Care Choice
  Medication Management Clinic
  Anticoagulation Clinic
Internal Medicine
Research & Practice Advancement
Pharmacy Administration & Drug Policy
Medical Critical Care
Cardiology
Antimicrobial Stewardship

Required Longitudinal Rotations

Pharmacy Staffing
Grand Rounds
Research & Practice Advancement

Elective Rotations

Academia
Anticoagulation Clinic
Neonatal Intensive Care/Labor & Delivery
Advanced Neonatal Intensive Care
Advanced Heart Failure
Oncology
Advanced Oncology
Emergency Medicine
Cardiovascular Critical Care
Surgical Critical Care
Advanced Drug Policy Development
Family Medicine (Ambulatory Care)
Pharmacogenomics
Psychiatry
Medication Management Clinic

Elective Longitudinal Rotations

Pharmacy Leadership

Seven Positions Available

PGY2 AMBULATORY CARE PHARMACY RESIDENCY

The PGY2 Ambulatory Care Pharmacy Residency at St. Elizabeth Healthcare is an American Society of Health-System Pharmacists (ASHP) accredited program. The residency is a 12-month structured training program designed to develop advanced skills in providing pharmaceutical care for ambulatory patients.

WHAT MAKES OUR PROGRAM UNIQUE

- Experience specialty pharmacy operations and clinical disease management for complex or chronic conditions such as oncology, HIV, hepatitis C, and more.
- Rotations in pharmacist and physician managed practice settings.
- Opportunities to collaborate with family medicine residents, physicians and specialists across the healthcare system.
- Multiple opportunities for program expansion to develop ambulatory care services.

Required Longitudinal Rotations

Orientation
Ambulatory Pharmacy Administration
Cost Management Project
Family Medicine
Grand Rounds
Outpatient Pharmacy Staffing
Primary Care
Research & Practice Advancement
Specialty Pharmacy and Clinic

Elective Longitudinal Rotations

Academia
Advanced Anticoagulation Clinic
Ambulatory Heart Failure
Pharmacogenomics
Psychiatry
Ambulatory Oncology

Two Positions Available

PGY2 ONCOLOGY PHARMACY RESIDENCY

The PGY2 Oncology Pharmacy Residency at St. Elizabeth Healthcare is an American Society of Health-System Pharmacists (ASHP) accredited program. The residency is a 12-month structured program designed to train individuals to practice as clinical experts in oncology pharmacy, refine independent research skills, and to lead oncology pharmacy within a community health system.

WHAT MAKES OUR PROGRAM UNIQUE

- Multiple rotation settings including outside institutions, individual St. Elizabeth hospitals, health-system level, rural and more.
- Longitudinal experiences with one-on-one provider interactions.
- Expanding and innovative health-system with state-of-the-art Oncology resources and experiences.

Required Rotations

Orientation
Bone Marrow Transplantation
Malignant Hematology
Inpatient - Solid Tumors
Ambulatory Oral Oncolytic Management
Ambulatory Oncology GI Clinic
Ambulatory Oncology Multidisciplinary Clinic
Ambulatory Oncology Thoracic/GU Clinics
Rural Oncology
Investigational Drug Services
Research & Practice Advancement

Required Longitudinal Rotations

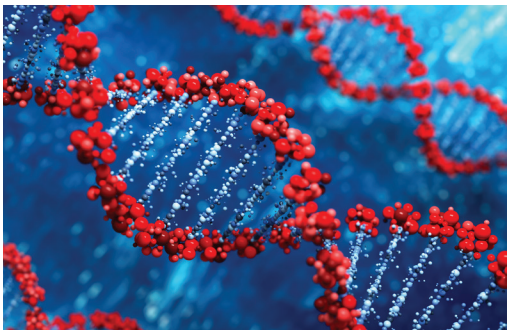

Physician Specialty Clinic
Research & Practice Advancement
Pharmacy Staffing
Precision Oncology
Grand Rounds
Oncology Leadership

Elective Rotations

Advanced Infusion
Infectious Disease
Specialty Pharmacy
Palliative Care
Pharmacogenomics
Rural Onc. Physician Clinic

Two Positions Available

PGY2 CLINICAL PHARMACOGENOMICS PHARMACY RESIDENCY

The PGY2 Clinical Pharmacogenomics Pharmacy Residency at St. Elizabeth Healthcare is an American Society of Health-System Pharmacists (ASHP) candidate for accreditation. The residency is a 12-month structured training program designed to cultivate competent and innovative practitioners who can use patient-specific pharmacogenomic (PGx) profiles to design safe and effective medication regimens across the continuum of care. The PGY2 Clinical Pharmacogenomics resident will develop expertise in genomics, PGx, implementation science, informatics, and operational leadership, equipping them to catalyze the implementation of precision medicine in healthcare.

WHAT MAKES OUR PROGRAM UNIQUE

- One of the only nationally recognized PGx programs located in a community health system.
- Strong emphasis on clinical genomic medicine and implementation science.
- Innovative flipped residency research model.

Required Rotations

Orientation
Pharmacogenomics I
Pharmacogenomics II
Psychiatry
Oncology
Cardiology
Family Medicine I
Research & Practice Advancement

Required Longitudinal Rotations

Pharmacogenomics Clinic
Grand Rounds
Pharmacy Staffing
Research & Practice Advancement
  Clinical Research Project
  Implementation Science Project

Elective Longitudinal Rotations

Academia
Family Medicine II
Genomic Medicine
Laboratory
Pediatrics
Primary Care

One Position Available
