This is a program that will define your future.

Walgreens and the Sullivan University College of Pharmacy and Health Sciences PGY1 Community-Based Pharmacy Residency Program, Louisville, KY

The residency program is conducted at a premier community-based specialty pharmacy where the pharmacy team services patients with many disease states. The community pharmacists at this site work closely with providers, patients, and the community to provide optimal drug therapy for patients. The program is academically affiliated with Sullivan University College of Pharmacy and Health Sciences where the resident will assist in teaching and precepting experiences. Program graduates will be leaders in the pharmacy community and will have an active role in advancing community pharmacy practice.
